RECEIVES VETO OF PRESIDENT

"Our Country Can Not Afford It. No Justification for It," Conlidge Writes in House

TAKEN UP AT ONCE

Leeders Obtain Postponement Unall Saturday of Vote on Motion to Override Executive's Action

Washington, May 15, - The sol dier bonus bill was vetoed by President Coolidge today on the grounds that it was economically unsound and morally unjust

Returned unsigned to the house live the legislation originated the neasure was immediately taken up by its friends in an effort to override the executive's action and leaders of both parties obtained a postponement of a vote until Saturday. The President in his veto mes

a document of more than 2.006 words, deciared he could see no justification for enactment of the bill into law and added: "Our country can not afford it. The

veterans as a whole do not want it. All our American principles are opposed to it. There is no moral justiseation for it." Proceeding in his discussion of the

bill, Mr. Coolidge declared no bonus was owed abled bodied veterans of

Patriotism Can Not Be Bought, "The gratitude of the nation to these veterans cannot be expressed in icliars and cents," he added. "The espect and honor of their country will rightfully be theirs for evermore But patriotism can neither be bought nor sold. It is not hire and salary. It s not material but spiritual. It is one of the finest and highest of human dirtues. To attempt to pay meney for t is to offer it an unworthy indignty which cheapens, debases, and de-

groys it. We must either abandon

"PJED PIPER MALONE" is a bear of a yarn. It is full of hu-GENERAE LAFAYETTE'S HOME FILMED

Thomas Meighan in "Pied Piper Malone"

The building that housed General Lafayette when he landed in Georgetown, N. C., in Revolutionary days was used in THOMAS MEIGHAN'S LATEST SUCCESS ENTITLED "PIED PIPER MA-LONE." All the exterior of this story was filmed in this southern city and for Malone's home in the picture the old colonial house that has stood for over a century was used.

The story is told that one night at a dence ladarette, while dancing with the belle of the town, was shot by a jenious suiter. The townspeople of Georgetown point to this day with pride to the build hole in the door ensement to all visitors. All these historical acency are for the first time shown in this measureth preduction.

RADIO ON THE FARM.

The radio, while generally regarded as belonging more to urban than by a vote of at least rix to one. The to rural life, has become popular in only candidate opposing him was the country. The department of agri-culture recently completed a survey tainly proved anything but formidshowing that 145,000 farm families able. Mr. Coolidge was entitled to the are now equipped with radio receiv- vote of confidence, overwhelming as

Based upon an estimate of five per- [Indianapolis News. that there are now 750,000 rural radio fans capable of tuning in and hearing the various programs put on ly justified in vetoing the tax bill at broadcasting stations.

The radio may work as a greater influence than the telephone, good it. It is not based on treasury calculations nor do its sponsors claim
eping people on the farm, for these to know anything about the amount conveniences, in many cases, only in-of money it may or may not bring creased the hunger for things urban. the government. It is cooked up for

GRADE CHOSSINGS.

The Interstate Commerce commission now asks the railroads of the country to equip all passenger trains with automatic stop appliances, something which it is estimated would cost two hundred millions of to the world at large by insisting that dollars. It is the contention of some at least of the railroads that is would licans and members of the United be better, since without seriously States senate. [New York World. orippling them the roads cannot at once do both, to expend the money in the elimination of grade crossings

The argument for this is that for every person killed in a train wreck there are at least ten at grade crosscreased use of auton is likely to grow and no is likely to stay there boarding creased use of auton is likely to grow for at least somewhat ever four years greater instead of less. Also it is stated that the automatic stop equipment is liable to get out of order, while no such thing could happen in a grade crossian.

in a grade croming.
Unquestionably both would be good things to have; but if not both at once, then as matter of general enfety the grade crossing project should be

GERMANS ARE MAPPY.

The Germans are reported to be happy over the result of the French elections. Why should they not he? The whole effort of the Teutons since the war's end has apparently been to tire out the allies to whom they made such noble if rejuctant promises of reparation, with a view eventually avoid or evade any payment what-ever. The Poincare government had resolved definitely to compel the Germans to live up to their word to the allies and particularly to France and Balgium, whom so greatly they had matter of the food, rest, later the eximplered. On this account came the inercise, and likewise about the care of varion of the Ruhr.

The defeat of the present French ment, and the subsequent resignation of President Poincare, which takes effect June 4, is taken by the Germans as a victory for them. Accordingly the various factions at Ber-Its are joining forces, not from any solidarity of purpose as regards in-ternal policies, but because they hope with this new turn of affairs to regain the Ruhr and to avoid payment.

hat ducking bad finally gone out of farity two gentlessen in Paris, E at each other with puplers About the muse time Norwood Buckaby and Charles A. Williams of Texas laid hold of a handkorchief with their left hands and blased away across it with revolvers.

A little antiseptic and some courtplanter besied the harm wrought in the Perisian encounter, but nothing could be done for the Texans except to give them a decent buriel. The Italian duke, who lest his battle, could have been wounded just as hadly in sharpby a peach as he was in feacing with his adversary.

Paris, according to all accounts, did not take the duel seriously. There was a time, however, when dueling ranked well up with cancer and disbeton in the mertality tables of the city. In one decade in the reign of Mosty IV 4,000 Frenchmen perished the duello. England. Germany, Raly, Spain and even the United States have also had their outbreaks of guntlemanly homicide.

Virtually every country has forbid-den these elashing and shooting parties by law, but it is fashion rather than legislation that has doomed them. The spectacle of two grows men trying to kill each other while their best friends look on has come to be regarded as ludicrous rather then remartic.

War Revived Dueling. The close of the war witnessed a brief revival in the settlement of persomal and political differences on the so-called field of honor. The dualing of nations appeared to have a natural sequel in the mortal combate of indi-viduals. The theory has been frequently advanced that life was held so cheaply as a result of the bloodshed in the war, the most trivial excuses were sufficient to send a group of men out early in the morning on a

Italian noblemen, politicians and journalists trampled down many acres of the good grass around Rome as they endeavored to bring home their argument on the point of a sword. Benito Musuolini, when a Nationalist deputy, engaged in four duels within a few months, winning them al!, but suffering several superficial wounds. It was said that a little inn just outside of Rome and off all the main highways was supported almost entirely by duciists and their seconds.

mission of mutual mansleughter.

Hungary seethed with duels. Almost every debate in the national aswe. While fatalities were few, scars and bandages were common. Strong efforts were made finally to

curb the cutting. Russia has banned the duel as being a sport of aristocrats. Two high Russian efficers of the Red army engaged in a fatal passage at arms about a year ago, following the discovery that both were paying court to the same girl. One of the officers was killed. The victor was sentenced to three years imprisonment. The girl was arrested, charged with complicity, and

found guilty. The sentence passed upon her was unique. She was termed a siren, an angel of trouble," and was ordered to remain away from all cities for twenty years. She must grow to old age in the country, where her charms can-not play havor with impetuous army

•Фсеги Duels Popular in Old Days.

In the early days of the American navy, the officers were sticklers for dueling etiquette. In the war on Tripoli, about the beginning of the Nineteenth century, dueling among mayal efficers was the vogue. Duels among planters and politicisms were common occurrences in some of the Southern states. The statute books of 16 states carry laws prohibiting such eacounters, these measures having been prompted by outbreaks of bloody quarrels. Virginia barred from public office any one who had fought in a duel.

The wastage to humanity eagendered by the duel has never appealed to the Germans, although Heldelberg and other universities have gone in quite extensively for It.

Neither official dignity nor tweeting runk prerented men from exercising their right of giving or accepting inviintions to meet on the field of honor. In 1780 the duke of York fought an inductrive duct on Wimbledon comm with a lieutenant colonel of the dake's regiment. After a dispute, the doke had refused to stand upon whatever immunity was his by reason of his being a gre of England's king.

William Pitt, the great communer and friend of American independence, was challenged by George Tierney, a political opponent, to mortal combat, Mather of them had the elightest knowledge of handling a pistol. Two shots which each tried west wild, then the encounter was stopped by the secends, who arest have been concerned shout their own sufery and that of anyhody eine to nearby England.

gion on "Field of Honor." The dube of Welfagton, Napoleon's eragrecor, was challenged by the curt of Pin.tillers following the duke's atomy retails of the our! to a religious entimenty. Witchlier eine: T שיום מו לווישינו זופר אינוש ווני שש me that autistaction for your conduct which a grantenian array refuses to gra." Wellington's rapty followed the pproved form, and said: "The sails-Section which your grote has draudd-

es, & it, of course, impossible for me to decline." They sect on a seld at Butternee

نستيلوي عا later that he had felt he was in the It was the proper thing to do, he said.

England's Most Farnous Duck, One of England's most famous ducks was between Lord Byron, a granduncle of the poet, and a Mr. Chauvert, in 1765. The affair followed a trivial argument in a tavera. Chanvert was run through and killed. Byren was tried by a jury of his peers, was found guilty and was required to "pay the usual fees."

Richard Brinsley Sheridan fought a

It will be recalled that in Sheridan's "The Rivals" there is a quel scene that contributes greatly to the humor of the famous play. George Garrick, N. M., and a sister at Grand Junction, the full moon. an actor and brother of David Garrick, was called upon to exchange shots with the trate husband of a wonan friend of Garrick. The husband missed, leaving Garrick with the privilege of firing as deliberately as he pleased. The wife found the some of the duel after a frantic search and pleaded with Garrick to spare her husband. The actor upheld the heat traditions of the stage with respect to such situations by complying with

her request. Burr and Hamilton.

The most famous duel in this country was that between Alexander Hamliten and Aaron Burr. The wave of public resentment that followed Hamliten's death in the affray did much to discourage ducting in the United States.

Trivial causes often resulted in fatal meetings.

There have been strange duels. A poor marksman, challenged, had been known to name as the place a darkened room, where sound rather than sight guided the aim. A duct in bullooms took place in France in 1908. Two men claimed the affections of a famous siage beauty of the time. Armed with blunderbusses, they ascended in separate balloons. A great crowd was attracted to see the ascent, not knowing of the grim plans of the men. When about 100 feet in the air one of the enemies fired and missed. His opponent was more ruccessful, puncturing the gas bag of his rival and sending the latter crashing to earth to be killed instantly.

First Load of Bananas

The first known importation of banames into the United States was in the late sixties, when they were brought to New Orleans from the Bay island off Spanish Honduras. In 1870 a few bunches were brought to New York from Colon. Bananas were first imported commercially into England from Madeira in 1878.

Rules of Contest Contest is open to every man,

wasses and child in the United States and Camada. Contestants may submit many

ologans as they wish but each mest be clearly written in ink (or typed) on separate sheets of paper. Each sheet most contain contestant's name and address. No slogun can be longer than six (6) words.

A letter, not longer than 25 words, must accompany each slo-gas submitted, explaining its use and application.

This explanation will be conintered a part of the slogan by the judges in determining win Contest closes May 31st, 1924. Slogans received postmarked later then May 31st, 1924, will be dedeal wil.

Prime will be awarded by competent judges; in case two or print will be given to each. gen to Referred Ac-

sociation of lice Course Mountaeterers, Slogue Context Bredgers ters, 275 Ein street, Bullish R. T.

For an Ice Cream Slogan To Typify Its Purity and Food Value

Can you think of a slogan, not more than six (6) words, easily said and remembered, to express the purity, goodness and food value of ICE CREAM; a phrase that conveys its year 'round appeal as a delicious delicacy as well as a nutritious, healthful food?

The National Association of Ice Cream Manufacturers will give \$1,000.00 in cash to the person who submits the best slogan. This amount will be augmented by \$500.00 from the New York Association, making a total of \$1,500.00 for the best slogan.

Read the rules of the contest carefully and ACT MEDIATRY! The \$1,500.00 price may be yours in return for very little time or effort expended.

Who Is Giving the Prise

The National Association of Ice Cream Manufacturers is composed of nearly 3,000 members whose plants are located in all parts of the United States and Canada, and whose purpose it is to foster and maintain the highest standards of quality and purity in the making of ICE

Today this important industry represents an investment of over \$250,000,000 with an annual production of over 300,000,000 gallons. In your own community, there are makers who supply you with rich, pure, wholesome ice cream. Surely they merit your confidence and your patron-

DON'T PORGET THE WOMANLESS WEDDING

Many of the "ARTISTS" Wear Hosiery and Underwear

Many Prominent Oncontans In the Kiwanis-Rotary Play,

Clever Fance Comedy With Plenty of Musical and Dancing Numbers to Be Given at Oncomes Theatre Monday and Tuesday Evenings for Benefit of Day Nursery and Girls' Dermitory.

Last evening's rehearsal of the Womenless Wedding, to be given at the Opeonta theatre on Monday and Tuesday evenings of next week, by the Rotary and Kiwanis clubs for the benefit of the day nursery and girls' dormitory to be established in the city, indicated that the affair will surpass any amateur production of its kind ever attempted in the city. The play, a farce comedy in which are interpolated numerous catchy songs and attractive dances, is being rapidly whipped into shape.

Take it from those who have seen the rehearsals, the play is a scream from start to finish. Imagine two score or more of Oneonta's staid and sedate business and professional men, dressed in woman's clothes, bepowdered and bepainted, trying to act like perfect ladies. When the "guests" start coming down the aisle, through the audience, to greet "mother" and "father" and take their places on the stage, the theatre is going to resemble a madhouse.

The cast of characters and pro-	gram for the big event follow:
Bride	Daniel Franklin

Guard Your Mouth

Let WRIGLEY'S be the guardian of your mouth and

It will combat trouble of various kinds. It helps to keep the teeth free from food particles that ferment and cause decay.

It has an antiseptic effect. It relieves acid mouth and thus not only prevents harm to the teeth, but serves to sweeten the stomach.

It stimulates digestion and helps to prevent the forming of gas that causes dyspepsia.

Read from a widely known medical work:

Chewing gum aids tooth nutrition and the cleansing action is a definite benefit—it prevents dyspepsie. Good chewing gum is excellent for bad digestion.

So we say, after every meal

In a Nutshell

COME to you as I would a specialist remarked a well known business man the other day. "You have the facilities and the knowledge that I lack for selecting the high est type of security. Experience has taught methat your advice is good and as it costs me no more than if I trusted to my own judgment and bought from anyone and everyone, I would be foolish if I didn't take advantage of it."

That in a nurshell is the reason for our existence. Our business success depends upon the number of customers we have and the quality of the service and advice we give them. That our business is constantly growing can be attributed to the fact that more and more clients are finding both excellent.
